- Grenoble's international airport is ideally located in the heart of the Rhone-Alps region of France (France's second largest region in terms of economy and population, ranking thirteenth in the European Union). The airport is a perfect gateway to the French Alps and to the French "Silicon Valley".
- Grenoble-Isère airport offers a lot of advantages to our customers – fast and efficient terminal processes, low fare car parks, proximity to the ski resorts and great surface accessibility (direct link to the autoroute network). Fares from Grenoble airport to city centre is 4€ and from there connexions to ski resorts in Isère for less 10 € one-way.

### Last news

- British Airways and Ryanair extend and strengthen their winter program
- British airways is extending its winter program (5 weekly flights) to the end of April.
- Ryanair, because of strong forward bookings is strengthening its program from London Stansted by adding additional frequencies on peak winter times. On these periods Ryanair will have up to 11 frequencies per week between London and Grenoble airport !
- Grenoble airport traffic on 30/09/05 reached 207 000 passengers and is therefore already exceeding the 2004 annual traffic which was 204 400 passengers. With all this new carriers Grenoble airport should see its traffic more than double next year.
- As far as Chambéry airport is concerned, the traffic should grow by 4% compared to last year.
